# HEMATITE

1958

## FOREWORD

We, the class of 1958, are honored to present this Hematite.

It shall be one of our most treasured possessions; as we turn the pages of this book, we are greeted by our fellow classmates and teachers. We are reminded of our good times, wonderful training, and great opportunities that were ours when we were in high school. These are the days that we shall always remember and cherish for years to come.

## HAIL! BEACON LIGHT

Hail! beacon light of Ishpeming,  
Hail, High School, 'tis of thee we sing.  
'Neath heav'ns high dome of azure blue,  
Thou art thyself as firm and true,  
Surrounded by the hills so old,  
Whose iron hearts are strong and bold.

To thee our people turn with pride.  
In thee their love and hopes abide,  
Thy sons and daughters do thee bless,  
Thy teachings mould a life's success.  
Then let us haste and garlands rare,  
Wreath 'round our High School ever fair.

Superior's mighty deeps are blue,  
And Northern skies are that fair hue,  
Our color this—it tells of might  
Of love of truth and love of right,  
Long life and health and happy hours,  
God grant thee, Alma Mater ours.

## AROUND THE WORLD

The Class of Nineteen Fifty-Eight,  
Has gathered here to say adieu, to our dear  
white and blue.  
Tonight with hearts both sad and gay  
We say farewell to friends so true as we start  
on our way.

The beacon light will ever glow  
As now we face the world ahead and into life  
we go,  
And though we may go all around the world,  
We won't forget our high school days.

So now let's join in one accord,  
And give our thanks to all who helped us gain  
this great reward,  
We'll not forget the prom, the teams,  
Our voices joined, in chorus gay, and our own  
senior play.

The beacon light will ever glow  
As now we face the world ahead and into life  
we go,  
And though we may go all around the world,  
We won't forget our high school days.

## FOOTBALL

### Ishpeming 32 — Manistique 13

The Ishpeming Hematites opened their best season in eighteen years, with a 32-13 victory over Manistique. Bob Wills and Duane King each scored two touchdowns. On a running pass Wills threw to Peter Misale who went 27 yards for the last touchdown of the game.

### Ishpeming 19 — Iron Mountain 13

The Hematites then traveled to Iron Mountain with high hopes of winning. They tallied their 19-13 victory with the scoring of Wills and King, who were greatly helped by the defensive and offensive play of Dale Ruohomaki.

### Ishpeming 28 — Soo 19

The Soo Blue Devils came to Ishpeming only to be defeated by the Hematites. Wills, with the help of a great team effort, scored all the touchdowns.

### Ishpeming 19 — Marquette 21

The only black mark on the Hematites record came when they lost their first and only game to the Marquette Redmen. Wills started the scoring with a seventy-yard run. From

then on Marquette matched the Hematites touchdown for touchdown. Two more touchdowns, one by Wills, and one by Westwater gave Ishpeming a 19-14 lead in the last quarter. In the last minutes Marquette scored and edged the Hematites by two points.

### Ishpeming 15 — Negaunee 13

Because of sickness and injuries the Hematites had to play a hard fighting game when they met their traditional rivals at Negaunee. The Miners held a 13-7 lead at the end of the second quarter. Wills and Westwater did the scoring for the Hematites. Gardner Bess tackled a Negaunee halfback, on an outstanding defensive play, for a safety which proved to be the winning margin.

### Ishpeming 12 — Stephenson 6

Ishpeming, with the hopes of avenging last year's loss, met Stephenson on our field. Wills did all of the Hematites' scoring, one touchdown being set up by a beautifully intercepted pass and run back by John Decaire. The Hematites gained possession of the ball in the last quarter and in 11 minutes made a 92 yard march before the game ended.

### Ishpeming 34 — Gladstone 20

The Hematites traveled to Gladstone to meet the Braves on Marb'e Field. Jim Westwater was the standout of the day, scoring 3 of the 5 Ishpeming touchdowns. He made a dazzling display of broken field running when he climaxed the day with a 99 yard run after intercepting a pass.

### Ishpeming 7 — Stambaugh 7

A tie was the result of a hard fought game, as the Hematites deadlocked with the Hill-toppers. With their passing working exceptionally well, the Hematites marched 79 yards for their only touchdown.

The Hematites compiled a 6-1-1 record, the best since 1939. John LaPointe, one of the two

standout guards for the season, was elected captain for the following season.

Robert Wills, Dale Ruohomaki, and John Decaire were selected for the Great Lakes Conference team. Duane King and Tim Tippet received honorable mention. Robert Wills and Dale Ruohomaki were selected to the All U. P. team.

Robert Wills was also selected for the All Class, All State team, and Dale Ruohomaki was selected for the All State Class B second team.

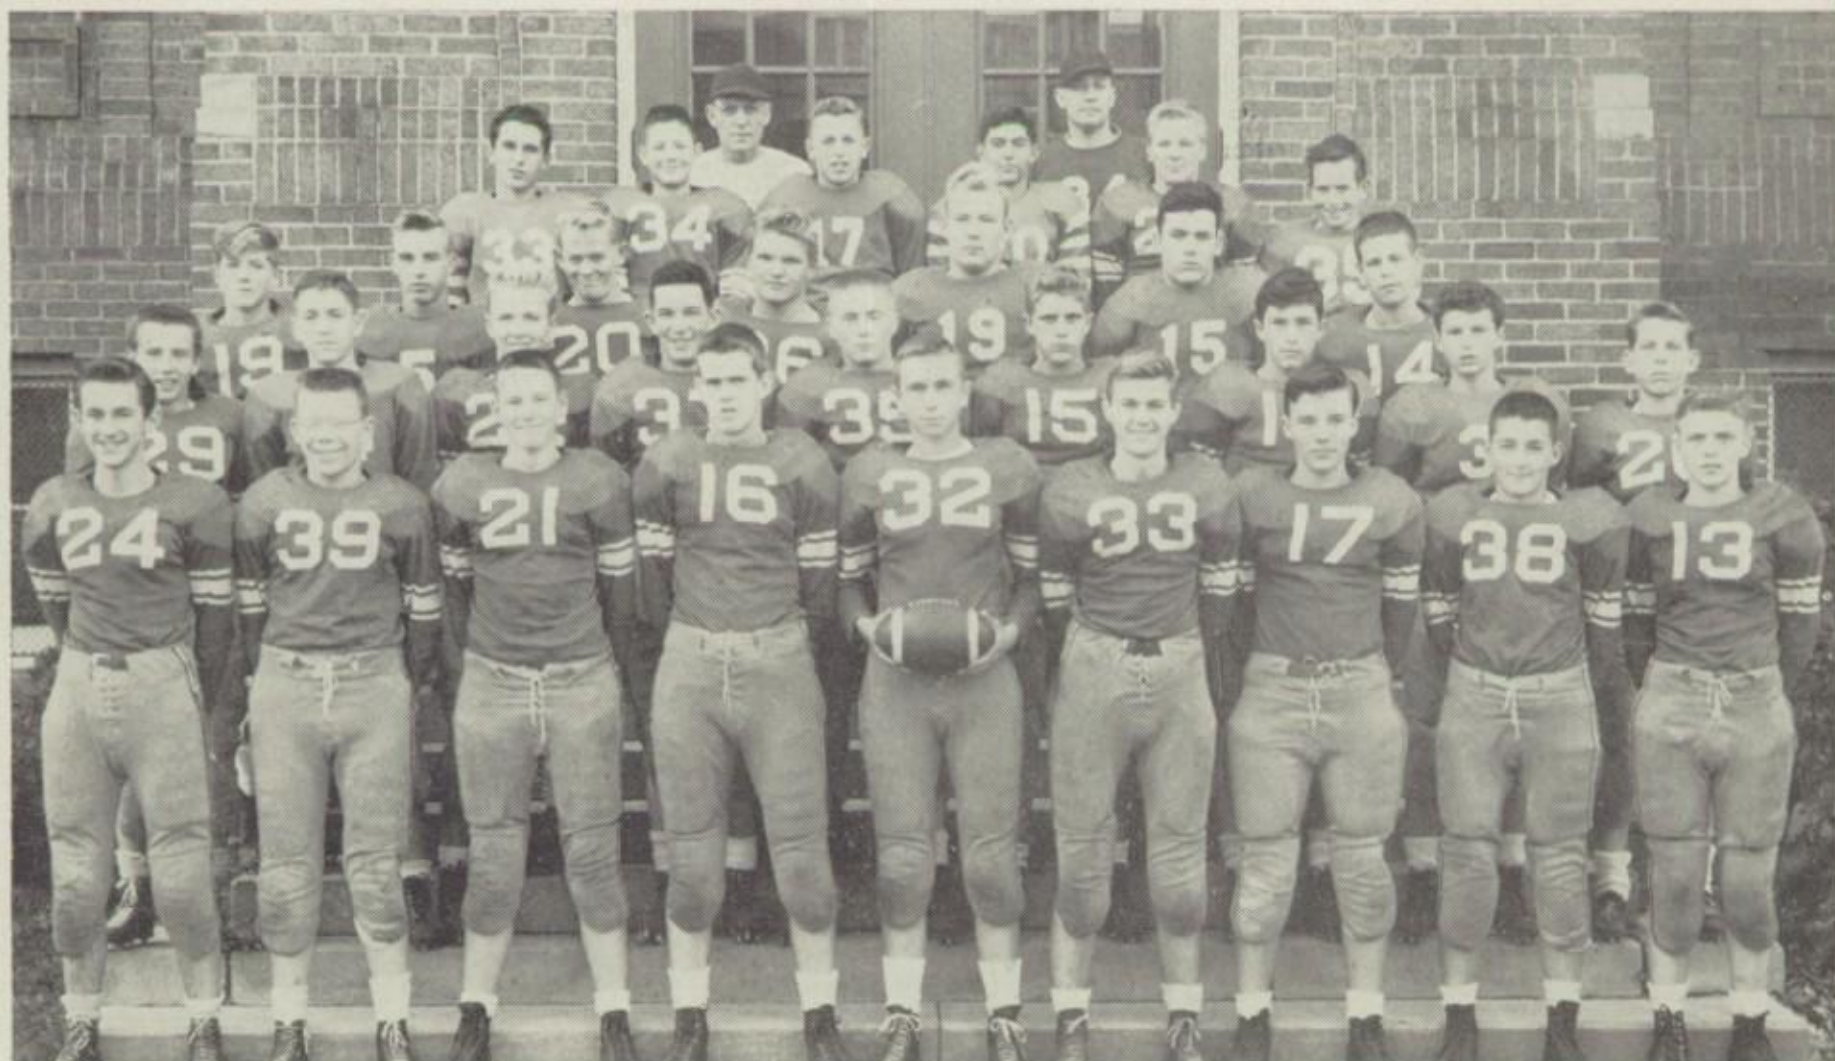

Graduating seniors are: Captain R. Wills, Captain D. Ruohomaki, D. King, J. Decaire, T. Tippet, J. Laver, P. Saari, R. Kostamo, J. Carter, J. Tasson, J. Bussone, R. Giotto, K. Locke, R. Ruusi.

## VARSIITY BASKETBALL

The Hematites of 1957-58 continued the fine performances of Ishpeming teams over the past years. The team finished the season with a record of 17 wins and 3 losses. The Blue and White won the Great Lakes Conference Trophy for the third time to gain permanent possession of it. They also won the Class B District title at Negaunee and reached the finals of the Regional Tournament at Houghton, but were defeated by Marquette in the final game.

The Hematites outscored their opponents 1244 to 1050. They made 297 out of 427 free throws for 69.5%.

#### **Ishpeming 49 — Stambaugh 33**

Presenting a well-balanced attack, the Hematites beat the Hilltoppers to take their ninth straight opening game.

#### **Ishpeming 64 — Iron Mountain 46**

Getting off to a slow start, the Hematites were behind at the first quarter mark; but Bob Wills and Pete Misale found the range to lead the team to its second victory.

#### **Ishpeming 64 — Munising 47**

A good Munising team was no match for the Hematites as Coach C. C. Watson used all 15 players in the game.

#### **Ishpeming 43 — Escanaba 40**

Having a cold night, the Hematites managed to squeak past a good Eskymo squad for its fourth straight victory.

#### **Ishpeming 57 — Negaunee 49**

Outshooting and outplaying their opponents the team won over their arch rivals from Negaunee for the fifth straight of the season.

#### **Ishpeming 62 — Marquette 57**

Getting even for the two defeats the past year, the Hematites won a close hard-fought game from the Redmen.

#### **Ishpeming 68 — Newberry 50**

Completely outclassing the Indians, the Hematites made it seven straight victories.

#### **Ishpeming 73 — Escanaba 62**

In a game that both teams were rated an even chance, the Hematites played superior ball to come out on the long end of the score. The game was nip and tuck until the last few minutes when the Hematites pulled away.

#### **Ishpeming 57 — Gladstone 52**

Behind with three minutes to play, the Hematites managed to come out on the top, thanks to the sharp-shooting of senior Bob Wills who had 26 points.

#### **Ishpeming 62 — Stephenson 43**

Though playing a taller team, the Hematites outclassed their opponents to win by a large margin. All 15 players were used in this one.

#### **Ishpeming 67 — Marquette 57**

Making it eleven straight victories, and two in a row over the Redmen, the Blue and White outshot and outplayed their foes in the final period to win.

#### **Ishpeming 72 — Hancock 63**

The Bulldogs were all fired up for this game but the red-hot Hematites managed to acquire their twelfth straight victory.

#### **Ishpeming 66 — Soo 57**

Sportswriters called it the game of the year.

Undefeated Soo (11-0) and undefeated Ishpeming (12-0) to decide which was the better team. Though spotting their foes much in height, the Hematites' balanced attack was too much for the Blue Devils as the Blue and White cinched the Great Lakes Conference title.

#### Ishpeming 41 — Negaunee 45

Making use of good ball-control and an excellent defense, the Miners won a prize victory over the Hematites to end a winning streak of 13 games.

#### Ishpeming 70 — Ironwood 49

Still smarting from the loss to Negaunee, the Blue and White completely outclassed Ironwood to get back in the win column.

#### Ishpeming 53 — Iron River 57

A red-hot Iron River team was too much for the cold Hematites. Nothing went right as the team ended the regular season with a loss.

### DISTRICT TOURNAMENT

#### Ishpeming 78 — Hancock 68

Remembering a near victory earlier in the season, the Bulldogs tried their best but a well-balanced Hematite attack again proved to be the difference.

#### Ishpeming 80 — Calumet 60

In a game that was nip and tuck until the last four minutes when the Hematites ran roughshod over the Copper Kings, Ishpeming reigned as District Champions for the 1957-58 season. The team as a whole hit 54% and Bob Wills hit 74% of his field goals attempts while garnering 32 points.

### REGIONAL TOURNAMENT

#### Ishpeming 66 — Escanaba Holy Name 53

Though a much colder team than they were in Negaunee, the Hematites were good enough to beat a tall Crusader squad to qualify for the Regional finals. The Hematites iced the game in the last few minutes. Dale Ruohomaki scored 21 points.

#### Ishpeming 52 — Marquette 54

It was a heart-breaker for the Hematite followers as the Redmen gained revenge for two regular season defeats by downing the Blue and White 54 to 52 to reign as the U. P. Champions. Ishpeming was not hitting from out and an excellent Marquette defense did not allow many close shots at the basket. The Redmen led all through the second half although the Hematites battled to within one point they could not gain the lead.

## ISHPEMING 58 $\frac{1}{4}$ — NEGAUNEE 50 $\frac{3}{4}$

April 30

The 1957 track team, coached by Mr. Koski and Mr. Hammar, started the season with a dual meet with Negaunee. Because of a late spring both teams were not in top condition. The Hematites edged out the Miners by a score of 58 $\frac{1}{4}$  to 50 $\frac{3}{4}$ .

## GREAT LAKES CONFERENCE MEET

May 4

On May 4th the Blue and Whites travelled to Manistique to participate in the annual Great Lakes Conference meet. Bob Wills set a new record in the broad jump with a jump of 20' 3 $\frac{3}{8}$ ". A strong Soo team placed first in the meet, and the Hematites, with 24 $\frac{1}{2}$  points, took fifth place.

## ISHPEMING 57 $\frac{1}{3}$ — NEGAUNEE 51 $\frac{2}{3}$

May 7

In the second dual meet of the year against Negaunee, and held at the Negaunee Athletic Field, the Hematites edged out the Miners to the tune of a 6 $\frac{1}{3}$  point lead. Bob Wills made a clean sweep of his trio of specialties; the broad jump, high and low hurdles, plus running on the victorious Ishpeming 880 yard relay team.

## REGIONAL TRACK MEET

May 11

In the regional meet held in Marquette, Ishpeming came in third behind a high-flying Copper Kings team from Calumet, which piled up 58 $\frac{1}{2}$  points. The Ishpeming Hematites got 32 points. Six members of the team qualified for the U. P. Finals. Roger LaFreniere took second in the pole vault with a vault of 10' 8".

## U. P. FINALS IN HOUGHTON

May 18

On Saturday, May 18, the U. P. Finals were held on the Michigan Tech track at Houghton. It was a cold, windy day, and the runners had to brace themselves against a strong wind. Six boys from the Hematite squad made the trip: Bob Wills, Roger LaFreniere, William Parviainen, John Carter, John LaPointe and David Schultz. The Hematite delegation placed 4th in a total field of 16 schools, with 20 $\frac{1}{2}$  points. The 880 Relay team and Roger LaFreniere, who participated in the pole vault, won medals. Bob Wills placed first in the 100 yard dash, 180 low hurdles, and second in the broad jump.

## FRESHMAN-SOPHOMORE TRIANGULAR MEET

In this meet, held at Marquette, Ishpeming took second place with 48 $\frac{1}{2}$  points.

## COUNTY CLASS B MEET

May 24

This meet was post-poned a week because of bad weather, and was finally held at Ishpeming. Bob Wills set a new county record on the low hurdles with a time of 21.19. Marquette won the meet with 69 points; Ishpeming had 41 and Negaunee had 27.

## MEMORIAL DAY RELAYS

May 30

On May 30, the annual Memorial Day Relays were held at Marquette. A determined Hematite team placed third in the last meet of the season. The margin was very small among the first three teams: Marquette placing first with 33 points; Soo, second with 32 points; and Ishpeming, third with 31 $\frac{1}{2}$  points. The 440-relay team set a new record with a time of 45.6 seconds.

# SENIOR CLASS PLAY

The seniors, under the excellent direction of Mr. Renz, presented their class play on November 8, 1957. The play, *A Full House*, was a three-act light comedy written by Fred Jackson.

Ned Pembroke, a young fellow desperately in love with Daphne Charters, sends his lawyer friend, George Howell, on a trip to recover the love letters he has written to Vera Vernon, a showgirl. On this trip Howell is involved in a train wreck and accidentally exchanges grips with a burglar, Nicholas King.

While Howell is away, his wife Ottily receives visitors from Yonkers: Miss Winnecker, her aunt, and her sister Daphne. Parks, the English butler, informs them of the Boston robbery in which Mrs. Pembroke's ruby necklace was stolen.

The plot becomes more involved when the appearance of the stolen jewels in the young lawyer's grip brings the police force on the scene. The situation becomes quite humorous as everyone is permitted to enter the apartment, but no one is allowed to leave. Soon there is a full house. Mrs. Fleming, the owner of the apartment, is outraged at the presence of the police force and threatens to turn George and Ottily out of the apartment.

The burglar, cleverly disguised as a detective, manages to obtain the thousand-dollar reward by returning the jewels which

he himself had really stolen, and then makes a very graceful exit.

All this time, Susie, the half-witted maid who "don't know nothing," really knows something. She and Parks, the ever-present English butler, are an excellent pair in helping to accentuate the humor throughout the play.

## HISTORY - STATISTICS

In the words of a well-known showman, "It's getting to be that time again," for the class statistician to entertain, inform, astound, and confuse you with a maze of figures. It has been said that facts are stubborn, but statistics are more pliable. With this in mind, we shall try to untangle this maze to present a picture of the graduating seniors.

We are descended from fourteen nationalities, the leading ones of which are the Finnish, English, French, and Swedish. This pattern has been repeated for many years. While 227 of our parents were born in the United States and 115 within the boundaries of Michigan, 11 (5%), the lowest number ever, are of foreign birth. These foreign countries include Finland, Italy, Sweden, Isle of Man, and England. The parents of 36 students are of the same nationality.

In 31% of our homes a foreign language is spoken, and 20% of us, an increase over last year, can join in the conversation.

Forty-six per cent of our parents have received high school diplomas, and 22%, the highest percentage ever recorded, are graduates of colleges and universities. We have been affected by the loss of one mother and twelve fathers, while four homes have experienced separation and five, divorce.

The number of mothers employed at this time is 35%, and this number has been surpassed only by the class of 1952. In the employment of our fathers our class has the largest number—64%, working for the mining companies.

After this study of our backgrounds, we shall now relate some facts about ourselves. We find that 77% of us were born in Ishpeming, and 55% are products of the Ishpeming Public Schools. The 119 seniors, 62 girls and 57 boys, comprise 18% of the total high school enrollment. Twenty-two of us have traveled to and from school each day this year by bus, and we suspect that a large number besides

the bus students use some means of transportation other than walking.

As was the case last year, our average age is 18 years, but the baby of the class is 17 years, 6 months, and 8 days old. We should like to wish a happy birthday to two seniors who are celebrating their 18th birthdays this week.

A typical member of our class would have blue eyes and brown hair. Our average weight is 137 pounds, but the two extremes are represented by the largest boy who weighs 230 pounds and the lightest girl who weighs only 90 pounds. Of the 25 seniors blessed with naturally curly hair, 17 are girls.

Fifty-two members of our class wear glasses. Six seniors have perfect sets of teeth, 5 have at least one false tooth, and 4 have worn braces at one time or another. Fourteen are left-handed, and 2 are ambidextrous.

Although our records of health show a similarity to other classes, the advent of the Asian flu may account for the fact that the seniors were absent from school a total of 544 days during the first three quarters of this year. It is fortunate that 62% (the smallest number of any class) are enrolled in the school accident plan and that 92% are covered by life insurance, for we have had our share of broken bones and operations. Ten seniors have collected on the school accident plan. Our 36 bone fractures include: 9 collar bones, 8 arms, 5 wrists, 4 legs, 3 fingers, 2 noses, 2 toes, 1 shoulder, 1 jaw, and 1 ankle. Sixty-one members of our class have had operations, including 34 tonsillectomies and 19 appendectomies. We have had the usual shots for polio, tuberculosis, smallpox, and diphtheria; and many of us have had chest X-rays.

All but 4 seniors have taken part in the many school organizations and activities. One senior girl has listed 25 activities in which she participated during 4 years of high school. Another has already spent the equivalent of 16 years in club work, and one of our athletes has had 16 years of experience in sports during his high school career. To be able to speak with ease before the public requires experience. Three quarters of our members, far more than in any previous class, have had the opportunity to speak from this stage. More than half have participated in a broadcast over WJPD, and 13% have already appeared on WDMJ-TV. During four years of high school, 20 boys have been members of the football

team, 20 have gone out for track, 11 have participated in basketball, 6 have engaged in baseball, and 2 have been members of the golf team.

Evidently many of us listen to the "Where to Go and What to Do" program, for we have participated in a large number of activities outside of school. We belong to DeMolay, Job's Daughters, National Guard, Scouts, City Band, Choral Club, Hematite Rifle Club, Maccabees, and the Ishpeming Ski Club. A majority of our class are members of 13 church groups, and 81% of us regularly attend 13 different churches.

We must not fail to mention the ever-present chores at home. Eighteen have avoided them, and this includes one smart girl who is relieved of household tasks by giving up her allowance to her younger sister!

Recreation plays an important part in our lives. Swimming, the pastime of the majority, is enjoyed by 97% of the class. Twenty-one per cent have learned in the pool at Ishpeming High. Camping, movies, and dancing rank next in order among our interests. Our 40-odd hobbies include even such things as collecting pictures of the American Indians and studying psychiatry. Skiing is popular during the winter season, and 71% of the seniors have used the Winter Sports area. Only one boy has ridden Suicide Hill, but 15 others have attempted the landing. We are also interested in music, since 28% play the piano and an equal number can play some other instrument. Our class can claim 2 amateur radio operators and a winter queen.

We seem to be a group of travelers, for all of us have been outside of Marquette County and the Upper Peninsula, and only 2 have never left the state of Michigan. Twenty-six of us have flown in an airplane, but 19 have never ridden in a train. More than half have visited Canada, and 5 have gone to Mexico. One boy has traveled to Europe, while another has spent the greater part of his life in South America.

Eighty-nine per cent of us have attended at least one school party while 53% have gone to an Ishpeming Prom. All but 5 seniors have visited the Ishpeming Youth Center, and 71%, the same number as last year, have attended regularly.

Over three-quarters of us go to the movies at least once a week, but 6 have no interest at all in this form of recreation.

On the all-important question of dating, 91% of the class date, a greater number than last year. Sixty-eight per cent believe in steady dating, and an equal number have practiced it.

All of our interests take us away from home an average of four nights a week, but only 7 (6%) of us, the smallest number ever, are out **every** night. We retire at approximately 10:00 P. M. on week nights and awaken about 7:00 A. M. on week days. Of course, this does not account for our weekends!

Only 42% of our class hold part-time jobs. With the exception of the year 1949, this is the lowest number to hold jobs in 20 years. Our average wage is 80c an hour, 2c less than the alltime high of last year. Fifty-two graduates have had experience clerking, and one-half the class have delivered papers.

We are as thrifty as the 1957 graduates, because 52% again have savings accounts, while 30% have Christmas Clubs and 52% own government bonds. In contrast, our weekly expenditures vary from nothing to \$15, with the average per week being \$2.46.

Ours is also a class of many material possessions. We own a total of 351 radios for an average of three to a home. One hundred thirteen families have at least one television set, and we seniors spend about 2¼ hours a day watching television. Eighty per cent of our parents own their homes, and 43% have camps, double the number 20 years ago. All but 3 families have at least one car, and 85% of us have to argue with our 145 brothers and 163 sisters about who can have the family car. Of the 110 (92%) licensed drivers in our class,

76 (64%) have learned through the IHS Driver Training course. Twenty-four of us own our own cars, and 3 have jeeps. We can also claim ownership to 68 bicycles and 8 motorboats. Eighty-three different magazines and newspapers are found in our homes. We take care of our 63 pets, and one girl claims that the only pets in her family are her three baby sisters!

In the year 1944 more than half of the class graduated from the Science Course, the highest number ever. In 1949 this number dropped sharply to 22%. Apparently the emphasis being placed on missiles and satellites has begun to show some effect, because this year 47, or 40%, of the seniors are graduating from the Science Course. Twenty-three of us are majors in Business Education, 17 are graduating from the General Course, 14 chose the History and Social Science Course, 13 are specializing in Industrial Arts; and 5 graduates from the Home Economics Course complete the list.

Looking to the future, we find that almost three-fourths of the class plan to continue their education beyond high school. Twenty years ago about one-third of the seniors had decided on a definite vocation, while this year one-half have chosen their vocations. Teaching, engineering, and clerical work are the first, second, and third choices. Thirty-one senior boys are planning to enlist in the Armed Forces, and almost half have chosen the Navy.

The time for statistics is over, but ahead of us lie many years for continuing our efforts so that we can realize the dreams of these early years and fulfill the promises we have made to ourselves and the world.

—Karen Benneit

## GIFTATORY - PROPHECY

### INTRODUCTION

We were sprouts to school just startin'  
Back in days of kindergarten.

But gradually, of course, we grew  
And lots and lots of facts we knew.

Until today behold — you see  
The finished product — Our Class Tree.

Now to tell our future field  
A gift to each our trees will yield.

★ ★ ★

To Douglas Anderson, sailor, this bar of ivory  
soap to keep him afloat if his ship sinks.

Frances Anderson, secretary, can use this  
tiny glove for her shorthand.

If Martha Anderson, nurse, has to patch up  
the doctor's mistakes, she will find that this  
needle and thread are very handy.

To Robert Anttila, state policeman, we give  
this mousetrap to help him catch Zorro if he  
comes to Michigan.

To Margaret Arcari, elementary teacher,  
this car to help her drive home the facts.

This ruler will help our speech therapist,  
Judith Armatti, to straighten those twisted tongues.

To Julie Arneth, high school English teacher, this ladder so that Shakespeare will never be beyond her students' reach.

A noose to Roger Ashley, lawyer, so he can hang his diploma in his office.

To Verl Asmund, metallurgical engineer, a protractor so he can figure all the angles.

Secretary Pauline Austin can use this machine oil to keep her fingers limber for typing.

To receptionist, Julie Belaire, we give this box of matches so she can always give clients a warm reception.

Since an apple a day keeps the doctor away we give this apple to Janet Bengry, nurse, to protect her from those fresh young doctors.

To Karen Bennett, private secretary, these green glasses so she won't see red when the boss roars, "Miss Bennett! Will you please come here!"

Kindergarten teacher Kathy Berg will find this rope useful in keeping one jump ahead of her little charges.

This gilded yardstick will remind elementary teacher Carol Bietila to use the golden rule when she marks report cards.

This package of life savers to aeronautical engineer Paul Blewett to make him more comfortable when he has to fly in a plane of his own design.

To Mary Bolsness, airline hostess, this smile so she can look cheerful after a long day in the air.

Earmuffs to children's nurse, Eleanor Bostrom. She'll need them!

To Joseph Bussone, a machine operator in a factory, this Jergens lotion to keep the gears running smoothly.

Robert Carlson, sailor, can unlock Davy Jones' locker with this key.

To John Carter, electrical engineer, this grapefruit for a good supply of juice.

This helmet to Grant Cliff, chemical engineer, so he won't blow his top.

To Jill Corlett, English teacher, this 'Rithmetic, 'cause we know she's got 'Readin' and 'Ritin'.

John Decaire, mechanical engineer, can use these pecans 'cause every machine has a nut that keeps it running.

To Orville Dishno, state trooper, this photo of Marilyn Monroe, because every trooper can use a siren.

This dye to science teacher, Robert Dobson, to keep his lessons colorful.

Eve Engelhard, history teacher, can use this shovel to unearth the facts.

Nurse, Nancy Flannery, will need this flashlight to locate the alimentary canal.

Judy Franson, medical secretary, can use this knife to cut out any painful words.

To sailor, Glenn Garrett, these glasses so he will be "sea-worthy".

Richard Giotto, industrial arts teacher, will leave his mark like "Zorro" with this.

This insecticide to biology teacher, Gerald Granlund, so he'll never be "bugs" about his work.

To John Harrington, lawyer, these letters, D.A. in case he gets to be "Mr. District Attorney".

George Harvala, heating business, can use this wrench to turn on the steam.

Mechanical engineer, Fred Hibernig, will use this compass to find his bearings.

To Marvin Hill, Navy, this "Toni" kit so he'll know how to handle waves.

To history teacher, Ray Hjelt, this mask in case he needs a new map.

To Edmund Holmgren, bookkeeper, a magnifying glass to bring out those figures.

These cards to sailor James Honkala, in case he needs an extra deck.

To electrical engineer, Ray Ikola, this battery, because he'll get a "charge" out of it.

Betty Jarvela, airline reservationist, may need this package of dates so that she will never give a customer the wrong date.

Verne Jensen, surveyor, may need this package of pins to get straight to the point.

John Johnson, metallurgical engineer, this iron (toy iron) so that he will never be out of a job.

To Judith Johnson, hairdresser, we give this Pepto Bismol to make sure her customers agree with her.

Robert Kallatsa, coast guard, may use this balloon in blowing up the enemy.

To James Kauppila, mechanic, we give this wrench to do away with any "monkey business".

To Karin Keppler, teacher, these scissors to keep her classes from getting dull.

Paul Kindstrand, our sailor, may need these "swabs" in giving those decks that personal touch.

This bottle of Murine to Duane King, our Marine, so he can always see his way home from faraway places.

This chair we give to Myrtle Klippel, secretary, to make sure she stays off the Boss's knee.

To Gerald Knight, art teacher, blinds so he can shade the right spots.

Donna Korpi, airline receptionist, may use this Plaster of Paris so she will always make a good impression.

Ronald Kostamo, a construction engineer, needs these suspenders to help keep his bridges up.

James Lahnanen, pilot, this money (play) to keep him out of the air pockets.

To Charles Larson, math teacher, this iron glove to keep his students from getting out of hand.

John Laver, civil engineer, may need this love tonic to keep his highways from "breaking up".

To Richard Lehto, draftsman, this package of kleenex in case he gets caught in a draft.

Constance LeSage, nurse, may need these bandages in order to keep her wrapped up in her work.

Marilyn LeSage, practical nurse, this hay to quiet her patients' nightmares.

We give this "big stick" to Keith Locke, pilot, to use on those "Rough Rides".

Carolyn Maki, history teacher, can use this aluminum foil to keep her dates fresh.

To Pat Maki, secretary, we give these ballet slippers so she can stay on her toes.

William Mankee, Navy man, can use this belt to encircle the world.

This sandpaper will smooth out the flights for stewardess, Pat Manley.

We hope lab technician, Marcia Marietta, will be the first to send a rocket to the moon with this rocket fuel formula.

Keeping track of her pupils won't be such a hard job for elementary teacher, Pauline Marketty, if she uses these glasses.

Jean Marra, high school math teacher, can keep her temper in this box.

To Claire Martinen, artist, a light bulb for some bright ideas.

The patients of Marilyn Mattson, practical nurse, can spring back to health with this (spring).

Sandy Mayotte, housewife, can make her home run with this bat.

The ups and downs of life won't be so hard for social worker, Helen McCormick, to smooth out if she uses this file.

Psychiatrist, Karen Merrill, can use this glue to mend split personalities.

Katherine Mullins, store clerk, will never lack change with this (diaper).

With this \$1,000,000 bill, Paula Nault will surely be the airline hostess with the mostes'.

Sailor Joseph Nicholas can use this Vitalis for those ruffled waves.

Navy man Richard Nicholas can see the world with this telescope.

Ed Niemi, business executive, can keep his expenses from getting out of hand with this ball and chain.

For inspiration we give this cover from John Voelker's book to novelist Elaine Ojanen.

This spade can help Michael O'Neill, state policeman, dig up the facts.

Marian Palomaki, musician, can always beat the time with these running shoes.

To John Pascoe, mechanic, a sprinkler in case his carwash fails.

We give these roller skates to Roy Pennala, office worker, to enable him to keep up with his work.

To Rosemary Pepin, cosmetologist, this eraser to rub out those telltale wrinkles of her clientel.

This "Zest" to Pauline Poirier, office worker, to rid her of those Monday Blues.

To Rosemary Portale, housewife, a can of "Alspice" to keep her marriage spicy.

To medical secretary, Alicia Quayle, a football helmet to help her tackle those medical terms.

This balloon to John Robinson, mechanic, in case he runs out of innertubes.

To Dale Ruohomaki, mechanical engineer, this bow and arrow in case the "Injuns" cause trouble.

To Richard Ruusi, aeronautical engineer, a hatchet, to break the sound barrier.

To sailor, Paul Saari, a compass to enable him to find the ship after liberty.

To Alice St. Andre, advertising secretary, a can of "punch" to keep the impact in her ads.

Home economics teacher, Edith Salmi, can keep her cakes from falling with these arch supports.

Mechanical engineer, Frank Salvador, a can of insecticide to kill the bugs in his inventions.

To Keith Schultz, marine, this "sponge" to insure a soft landing.

To Edward Seem, mortician, this book to read in case business is dead.

These "springs" to Irene Seppi, payroll worker, so she'll always be on her toes.

We give this "sugar" to music teacher, Bonnie Servant, to keep her band from going sour.

To Margaret Shimmin, missionary, these "everready" batteries so the natives will always see the light.

To Kathryn Smith, beautician, this "jet" so she'll be able to keep up to the latest styles.

Secretary, Mary Sullivan, this "cheer", so she'll always greet the clients with a smile.

This oil will prevent the vocal cords of Marilyn Sundberg, speech therapist, from getting rusty.

A crystal ball to Robert Sundblad, business executive, for foresight which may save him a great deal of money.

To Jill Superko, secondary teacher, these coins for some good common sense (cents).

When James Tasson enlists in the Air Force, he can use this bottle of solution to solve all his flying problems.

This polish will be useful to Nancy Tasson, beautician, in giving her patrons the shiney hair they want.

For Kay Thibodeau, teacher, this ruler to measure her patience.

These pins to hold Carole Tinkham, history teacher, to the facts.

Thomas Tippet, metallurgical engineer, may need this measure to find the shortest distance between two points.

This sprinkler to Julie Tisch, biology teacher, so that her lectures will never be dry.

This eye will help John Tobie, psychiatrist, probe deep into the minds of his patients.

A net (hair net) to William Trebilcock, engineer, for catching those all important figures.

A sponge for Carol Trewartha, elementary teacher, to help her students absorb the facts.

With this sandpaper, medical secretary Phyllis Tulkki, can keep her office running smoothly.

For Grace Voelker, social worker, this fan for cool judgment in some difficult case.

We give Victoria Wakkuri, lab technician, a cage to lock up her delinquent germs.

Charles Waters, carpenter, can use this starch to keep his creations standing.

With this rake, Janet Weiland, surgical nurse, can do a clean job.

For Lynn Williams, medical secretary, this duck call, to alert her to "quacks".

To Robert Wills, physical education teacher, these pencils to work out his exercises.

### CONCLUSION

Now that the tree has borne its fruit,  
We're afraid we have to scoot.

Our tree will never cease to grow  
The future lies with us, you know.

So take your gifts, may each one be  
A symbol of your destiny.
